

## **Stop HB 271: Expansion of Federal Policing Authority in KY**

This bill will allow the Mint Police a foot in the door to have *peace officer status* in KY. Meaning they can arrest you without first notifying your county sheriff. That's right unless KY gives permission to federal government agencies they must submit a warrant to your local sheriff first. Some have this authority, but others do not and the Mint Police do not have this authority yet, and we don't need to allow another federal agency to violate our sovereignty and by pass our local authorities. This creates animosity at both levels and does not help with the required co-operation and respect that is needed in law enforcement to do their jobs.
