

# Stop HB 30: Ads on School Buses

Normally TBK is for any way money can be made; however, we feel this is not the best investment Kentucky could make. There are several concerns we have with this bill. 1) Like the lottery this money is supposed to go to education, but that is suspect. Education does not need more money thrown at it. 2) This could lead to corporate favoritism by the government. 3) This concern is a bit comical but perhaps valid. These advertisements will have to be directed most likely at reasonable areas based on routes. Could this not lead to class warfare?

**Message:** Is for YOUR Senator and Senate Leadership and the Senate Education Committee: *“Oppose HB 30, throwing more money at our education problems is not the solution just as the Lottery has not solved the problem. This legislation could lead to corporate favoritism in government as well as more class warfare amongst citizens, families and children”*
